Dear Students,

Greetings from the T&P Department!

We are pleased to inform you that **Round 1** of the selection process has commenced. This round involves a Full-Stack Application Development task that must be completed within a 24-hour timeframe.

Round 1: App Development Task

Deadline: 1st May 2026, 5:00 PM

Application Link: [Full-Stack Assessment<>Ethara.AI](#)

Instructions:

- Complete the application form using the provided link.
- Develop and submit the Full-Stack assignment within the given time.
- Share an executable or live project link as part of your submission.
- Upload your updated resume along with the application.

Please ensure that all components are submitted before the deadline. Late submissions may not be considered.

Next Steps:

Candidates shortlisted after this round will move forward to:

- Technical Assessment Round
- Personal Interview (PI)

Important Note:

Selected candidates must be prepared to join and relocate immediately upon receiving the final selection/onboarding email.

We encourage you to approach this task with dedication and creativity. For any queries or clarifications, feel free to reach out to the Placement Office.

Sincere Regards,
Vishvendra Pratap Singh

Galgotias College of Engineering & Technology (GCET) and Galgotias University

29th April 2026

GEI/T&P/2026 Batch/Notice –

NOTICE

Batch and Course(s) – 2026 Batch – B.Tech (CSE & IT) – GCET & Galgotias University

Company – Ethara AI.

Ethara AI is planning to recruit unplaced students of B.Tech (CSE & IT) from GCET & Galgotias University – 2026 passing out Batch.

Details are as follows:

Company Name	Ethara AI
About Company	Ethara AI is a research-first AI lab committed to shaping the future of AGI, with the ambition to become the world's most trusted partner — from India, for the world. We specialize in building high-quality, domain-specific datasets for Large Language Models (LLMs) through: • RLHF (Reinforcement Learning from Human Feedback): Aligning models with human preferences for helpful, accurate, and safe output • SFT (Supervised Fine-Tuning): Creating domain-specific instruction datasets to guide model behavior • Evaluations: Designing rubric-based frameworks to assess quality, fairness, and model Safety Our work directly contributes to frontier model training, supported by a managed AI workforce and a research-first approach grounded in benchmarking and continuous improvement.
Website	https://www.ethara.ai/
Eligibility Criteria	Open for all unplaced students with no active backlogs
Eligible Course(S)	B.Tech (CSE & IT) – 2026 Batch
Job Description	Software Engineer
Role Objective	• Work on generalist LLM post-training projects • Tasks include: data annotation, labeling & categorization; prompt-response evaluation (accuracy, relevance, coherence); data validation & quality checks • Apply structured thinking and engineering fundamentals to ensure high-quality outputs • Continuous guidance and performance-based feedback from Quality Reviewers
CTC	6 LPA
Selection Process	• Initial shortlisting based on educational details and CV. • Round 1: App Development Task (Virtual) • Round 2: Coding Test (Virtual) • Round 3: Technical Personal Interview (Virtual)
Registration Link	https://forms.gle/KRENwHeecKVFTTrP1A
Last date of registration	Registered by 11:00 AM, 30th April 2026.
Date of Drive	Will be communicated soon.
Interview Mode	Virtual/Physical
Job Location	Gurugram, Haryana
Working Scheduled	• Day Shift (WFO, Gurgaon) • Night Shift (WFH) Shift allocation will be based on business requirements and is mandatory for all selected candidates
Work Setup	• Work on own laptop (stable internet; browser-based tools for remote shifts) • Collaborate with Quality Leads & AI Ops teams • Mandatory participation in training, calibration, and review sessions
Joining Month	Immediate, as per company requirements
Attachment	JD is attached for a better understanding of job opportunity.

IMPORTANT:

1. It is compulsory to register for participation.
2. All the registered students must appear for the interview, failing which will lead to discontinuing participation in the upcoming Campus Recruitment Drives.
3. Registered students are instructed to report as per the shared schedule only.
4. It is desired by all the registered students to go through the Company Website and Job Profile.
5. Students must appear in proper formal and carry two sets of CVs, Passport-size photographs, and all other supporting documents.
6. Carry at least four A4-size sheets for rough work.
7. Students are instructed to check their email regularly to avoid any communication gap.
8. Any act of mischief will lead to disqualification.

NOTE: Placement Incharges are requested to share the opportunity with all the Final Year Students for registration, preparation & participation.
